EDUCATION

- **Shiv Nadar University** Delhi NCR
Bachelors of Technology in Computer Science; CGPA: 8.3 *Aug 2020 - Expected June 2024*
 - Introduction to Computing and Programming, Data Structures and Algorithms, Object Oriented Programming in Java, Computer Organisation and Architecture, Operating Systems, Database Management Systems, Design and Analysis of Algorithms, Artificial Intelligence, Software Design.
- **Atmiya Vidya Mandir** Surat, Gujarat
Class 12th(CBSE); Percentage: 96.2 (School Topper) *2020*
- **Atmiya Vidya Mandir** Surat, Gujarat
Class 10th(CBSE); Percentage: 95.2 *2018*

SKILLS SUMMARY

- **Languages:** Java, JavaScript, Python, C++
- **Tools:** Kubernetes, Reactjs, Nodejs, MongoDB, MySQL

PROJECTS

- **Kabootar** *Aug 2022 - Dec 2022*
A Peer-to-peer File Sharing PWA
 - **Link:** <https://kabootar.meghrathod.dev>
 - Files are transferred using the WebRTC protocol. WebRTC is an open standard that provides web browsers and mobile applications with Real-Time Communications (RTC) capabilities via optimised APIs.
 - WebRTC protocol is inherently secure and uses encryption to transfer files. It also uses ICE to find the best route to transfer files. This makes our file transfer secure, fast and reliable.
- **Signalling Server for P2P Applications** *Aug 2022 - Dec 2022*
A Golang-based communication protocol for peer discovery
 - Built a Golang-based communication protocol using WebSockets to discover, identify and connect peers in a P2P file-sharing application.
 - Protocol is now being used along with WebRTC to facilitate an encrypted Peer-to-Peer File Sharing application.
- **chatX** *Sept 2021 - Dec 2021*
A Java-based secure communication framework
 - **Link:** <https://github.com/meghrathod/chatX>
 - Developed a concurrent and multi-threaded communication framework using sockets to be utilised for tasks like file streaming, project management software and task automation
 - Designed a reusable framework using object-oriented design and demonstrated the framework with a chatting application.

LEADERSHIP ROLES AND WORK EXPERIENCE

- **Chairperson** *Jan 2022 - Present*
Association of Computing Machinery(ACM), Shiv Nadar University
 - Worked in teams with industry experts in the field of Machine Learning, Data Science, Security and Privacy on organising insightful sessions with 200+ attendees
 - Orchestrated hackathons with pan-India participation with 100+ attendees, where top experts from Software Development Industry were invited to judge and mentor participants.
- **Coordinator and Advisor** *June 2021 - Present*
Google Developer Student Clubs, Shiv Nadar University
 - Lead the team (of 50+ students) in organising various events and workshops for a very progressive developer community of over 600 students while also being the point of contact for conducting Google-hosted events for students on my campus.
- **Google Cloud Facilitator** *Sept 2021 - Oct 2021*
Google Developer Student Clubs, Shiv Nadar University
 - Hosted the 30 Days of Google Cloud Program at Shiv Nadar University with 280+ participants, coordinated the progress and difficulties faced by students to Google India and resolved them collectively with the national program managers.
 - Demonstrated the use of Google Cloud Platform with a practical application in a session attended by 50+ participants.
