EDUCATION

- Shiv Nadar University** Delhi NCR
Bachelors of Technology in Computer Science; CGPA: 8.3 *Aug 2020 - Expected June 2024*
 - Introduction to Computing and Programming, Data Structures and Algorithms, Object Oriented Programming in Java, Computer Organisation and Architecture, Operating Systems, Database Management Systems, Design and Analysis of Algorithms, Artificial Intelligence, Software Design & Engineering, Computer Networks, Foundation of Information Security, Wireless and Mobile Systems
- Atmiya Vidya Mandir** Surat, Gujarat
Class 12th(CBSE); Percentage: 96.2 (School Topper) *2020*
- Atmiya Vidya Mandir** Surat, Gujarat
Class 10th(CBSE); Percentage: 95.2 *2018*

SKILLS SUMMARY

- Languages:** Java, JavaScript, Python, C++
- Tools and Frameworks:** Kubernetes, Reactjs, Angular, Nodejs, MongoDB, MySQL

WORK EXPERIENCE

- Dell Technologies**
Software Engineering Intern *May 2023 - July 2023, Jan 2024 - May 2024*
 - Built and modernized internal cloud-native applications with enhanced security and modularity
 - Implemented OAuth2 to secure microservices from unauthorized access.
 - Reduced application vulnerabilities by at least 50% and reached DevOps maturity score of over 85% by fixing broken CI-CD pipelines
 - Migrated deprecated Angular application to use the latest version and related APIs
- Shiv Nadar University**
Teaching Assistant *Jan 2023 - April 2023*
 - Worked as a Teaching Assistant for the Operating Systems course under Prof. Sheel Sindhu Manohar.
 - Conducted labs and assisted the students with complex concepts such as memory management and process scheduling.
 - Assisted the professor in ensuring the smooth conduct of graded assignments and exams, supporting students by addressing their queries and answering their questions.

PROJECTS

- Kabootar**
A Peer-to-peer File Sharing PWA *Aug 2022 - Dec 2022*
 - Link:** <https://kabootar.meghrathod.dev>
 - Files are transferred using the WebRTC for Real-Time Communications (RTC) capabilities via optimized APIs.
 - For signaling peers, built a Golang-based communication protocol using WebSockets to discover, identify, and connect peers in a P2P file-sharing application.
- Friday**
Automated Code Checking Platform *Feb 2023 - April 2023*
 - Link:** <https://github.com/meghrathod/friday>
 - Built an assignment correction utility for coding projects for Java, C++, and Python instructors.
 - Provided a functional responsive user interface for teachers to analyze students' individual and collective reports.
 - Developed modular architecture to incorporate more frameworks like plagiarism detection and wider language support for the future.
- chatX**
A Java-based secure communication framework *Sept 2021 - Dec 2021*
 - Link:** <https://github.com/meghrathod/chatX>
 - Developed a concurrent and multi-threaded communication framework using sockets to be utilized for tasks like file streaming, project management software, and task automation
 - Designed a reusable framework using object-oriented design.

POSITIONS OF RESPONSIBILITIES

- Chairperson - Association of Computing Machinery(ACM), Shiv Nadar University
- Coordinator, Advisor, Google Cloud Facilitator - Google Developer Student Clubs(GDSC), Shiv Nadar University
