

Course	College/University	Year	CGPA/%
B. Tech Computer Science and Engineering	Shiv Nadar University	2020-24	8.3
High School (Class 12)	Atmiya Vidya Mandir	2020	96.2%
Senior Secondary School (Class 10)	Atmiya Vidya Mandir	2018	95.2%

OBJECTIVE

- Budding full-stack developer with a keen interest in Java Technology and experienced at web development. I am currently exploring Cloud Computing and DevOps and looking for internships to expand my knowledge in these fields.

SKILLS & INTERESTS

- Programming Languages:** Java (*Advanced*) , JavaScript (*Advanced*), Python (*Intermediate*), C/C++ (*Intermediate*)
- Tools & Libraries:** Nodejs, Expressjs, MongoDB, Google Cloud Platform, Kubernetes
- Interests:** DevOps, Cloud Computing

PROJECTS

- chatX | A Java-based framework for communication** [Sept'21-Dec'21]
 - Link:** <https://github.com/meghrathod/chatX>
 - chatX is a chat app made in Java, using socket programming and concurrency.
 - Made a framework rather than just an app to facilitate communication between devices on the internet
 - This framework can then be utilized for tasks like file streaming, project management software and task-automation.
- Secretify | A JavaScript-based web app for anonymous secret sharing Name** [Mar'21-Aug'21]
 - Link:** <https://github.com/meghrathod/Secretify>
 - Secretify enables users to anonymously share textual secrets or messages, that all viewers of the platform can see.
 - Backend was based on Expressjs and Mongodb and uses RESTful API.
 - Implemented authentication with Passportjs, as well as used Google's OAuth 2.0 to handle user sign ups.

RELEVANT COURSES

- Introduction to Computing and Programming | Data Structures and Algorithms** [1st year]
- Object Oriented Programming in Java | Computer Organisation and Architecture | Operating Systems** [2nd year]

POSITIONS OF RESPONSIBILITY

- ACM Chairperson | ACM Chairperson** [Jan'22-Present]
 - Lead my team (of 20+ students) into organising seminars, hackathons, and other technical events in the community. With these drives I have gained immense knowledge in wide tech domains like Cloud Computing, DevOps etc.
- Coordinator | Google Developer Student Clubs - Shiv Nadar University** [Sep'21-Jun'22]
 - Lead the team (of 50+ students) in organizing various events and workshops for a very progressive developer community of over 600 students, while also being the point of contact for conducting Google hosted events for students in my campus.
 - Head the community developer projects including, but not limited to general-purpose programming languages like Java and C++.
 - Keep myself and the team up to date with the latest developments in Google Tech Stack.
- Google Cloud Facilitator | Google Developer Student Clubs - Shiv Nadar University** [Sep'21-Nov'21]
 - Completed 11 Quests on Qwiklabs that taught me basics to advanced concepts of Google Cloud Platform
 - Hosted the Google Cloud Program at Shiv Nadar University with 280+ participants,
 - Communicated the progress and difficulties faced by students to Google India
 - Worked collectively with Google India to resolve issues and facilitate a fine learning experience on the Google Cloud Platform.
