EDUCATION

- **Shiv Nadar University** Delhi NCR
Bachelors of Technology in Computer Science; CGPA: 8.3 Aug 2020 - Expected June 2024
 - Introduction to Computing and Programming, Data Structures and Algorithms, Object Oriented Programming in Java, Computer Organisation and Architecture, Operating Systems, Database Management Systems, Design and Analysis of Algorithms, Artificial Intelligence, Software Design.
- **Atmiya Vidya Mandir** Surat, Gujarat
Class 12th(CBSE); Percentage: 96.2 (School Topper) 2020
- **Atmiya Vidya Mandir** Surat, Gujarat
Class 10th(CBSE); Percentage: 95.2 2018

SKILLS SUMMARY

- **Languages:** Java, JavaScript, Python, C++
- **Tools:** Kubernetes, Reactjs, Nodejs, MongoDB, MySQL

PROJECTS

- **Signalling Server for P2P Applications** Mar' 21-Aug'21
A Golang-based communication protocol for peer discovery
 - In a P2P file sharing system, peers need to be able to find each other before they can send files.
 - To cater to this difficulty built, a Golang-based communication protocol was built using WebSockets to identify and connect peers.
 - Protocol will now be used along with WebRTC to facilitate an encrypted Peer-to-Peer File Sharing application
- **insuredX** June' 22-Present
Business Research on the App Modernisation for an insurance company
 - **Link:** <https://cloud.meghrathod.dev/docs/insuredx/insuredx-research>
 - Mentored by a program manager at Red Hat, analysed a real-life problem of an insurance firm for its technical infrastructure modernisation.
 - Created complete functional and technical architectures for the new infrastructure based on container technologies to modernise the application for better modularity, upgradability, maintainability and security.
- **chatX** Sept'21-Dec'21
A Java-based secure communication framework
 - **Link:** <https://github.com/meghrathod/chatX>
 - Built a concurrent and multi-threaded communication framework using sockets to be utilised for tasks like file streaming, project management software and task automation
 - Designed a reusable framework using object-oriented design and demonstrated the framework with a chatting application.

LEADERSHIP ROLES AND WORK EXPERIENCE

- **Chairperson** Jan' 22-Present
Association of Computing Machinery(ACM), Shiv Nadar University
 - Worked in teams with industry experts in the field of Machine Learning, Data Science, Security and Privacy on organising insightful sessions with 200+ attendees
 - Orchestrated hackathons with pan-India participation with 100+ attendees, where top experts from Software Development Industry were invited to judge and mentor participants.
- **Coordinator and Advisor** June' 21-Present
Google Developer Student Clubs, Shiv Nadar University
 - Lead the team (of 50+ students) in organising various events and workshops for a very progressive developer community of over 600 students while also being the point of contact for conducting Google-hosted events for students on my campus.
- **Google Cloud Facilitator** Sept' 21-Oct'21
Google Developer Student Clubs, Shiv Nadar University
 - Hosted the 30 Days of Google Cloud Program at Shiv Nadar University with 280+ participants, coordinated the progress and difficulties faced by students to Google India and resolved them collectively with the national program managers.
 - Demonstrated the use of Google Cloud Platform with a practical application in a session attended by 50+ participants.
